

What ACTION manages wound care?

Action® Commode Pads

- Action® Commode seat pads provide comfort and relief from pressure and shear
- Hook and loop make this product easy to attach, use and maintain
- Available in 2 sizes: 16x16x5/8" and 18x18x1"

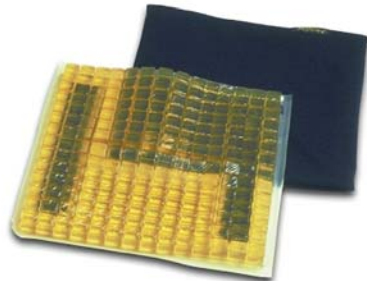

Action® Heel and Elbow Pads

- Pad use allows clients taking medications that affect skin integrity, or who are prone to skin tears and abrasions, to continue daily activities and to sleep comfortably
- Pads can be used in combination with a tricot liner to help control perspiration and heat buildup (optional, not included)

Action® Mini-Cube Pads

- Provide spot protection and pressure management
- Use on lap trays, headrests, footrests, large flat or contoured surfaces, or other areas of redness development in "at risk" users

Action® Comfort cup

- Provides comfort and support for heels **NEW**
- May be used to complement anti-embolism stockings
- Appropriate for recovery and radiology

All of the above.
